

## Bike Safety

1. Wear a helmet!
2. Be careful.
3. Stay away from busy streets.
4. Stop and look before crossing any street.
5. Ride with the direction of traffic.
6. Stop for all stop signs and obey all other traffic signs and signals.
7. Ride only during the day.

## Automobile Safety

1. Wear your seat belt!
2. If possible, sit in the back seat.
3. Always face forward.
4. Talk quietly.
5. Keep toys and other objects in your hands or where they belong.
6. Keep hands inside when the automobile is moving.
7. Keep doors closed when the automobile is moving.

## Fire Safety

1. Stay away from matches and fire!
2. Make an escape plan in case of a fire.
3. Practice the escape.
4. Get out fast!
5. Feel a door before you open it.
6. Stay low to the floor.
7. Call 9-1-1 from a neighbor's house.
8. Never go back into a house on fire.
9. If you are on fire:  
**STOP! DROP! ROLL!**

## Crossing A Street

1. Use a crosswalk.
2. Use the pedestrian push button at crosswalks.
3. Look both ways – left, right, and then left again.
4. Wait until all cars have stopped before crossing.
5. Cross only during the WALK sign if there is a traffic light.
6. Make eye contact with drivers to make sure they see you.
7. Walk, do not run.

## Different colors on signs mean different things.

- **Red** signs mean stop or be careful.
- **Orange** signs mean construction.
- **Yellow** signs are a warning.
- **Green** signs mean go.
- **Blue** signs show information, like the way to a hospital.
